

## Transax Tips

The Transax Transfer system was designed with the environment in mind using 90% less plastic than conventional racks and packaging made from recycled paper. Also, by allowing you to reuse existing pipette tip racks, storage space is optimized and waste is minimized.

Transferring tips is easy with the Transax™ transferring device.

- Easy manual transfer
- Universal card fits all manufacturers racks
- Snaps securely onto custom designed Medax rack

## Rose Simplest™ Sliding Reload Tips System

Now you can buy your popular Rose Brand Pipette Tips to use with the simplest Tip Reloading System ever made. It is so simple that it does not require instructions. Simply take off a tray of 96 tips from your pack of 10 racks and slide it into the groove of the Simplest Holder™ and insert into the autoclavable, hinged box supplied. All this in less than 10 seconds with absolutely no fuss! It's inexpensive, re-useable, and does not require expensive accessory or hardware.

Along with the simplicity of Simplest™ comes economical benefits; you no longer have to sacrifice your budget for convenience and environmental consciousness. A case of Simplest™ Tips would typically cost you less than a case of Racked Tips from competitors.
