

Catalog Number	Description	Product Weight (lbs)
099A WS18012	180° shaker with two finger clamps, 120V	11
099A WS18024	180° shaker with two finger clamps, 240V	11

### WS 180° SHAKER

This shaker efficiently agitates small to medium solid phase peptide synthesis flasks. It is also useful for shaking culture flasks and for agitating hard-to-dissolve solids such as polymers.

- Shakes two flasks simultaneously.
- Simulates shaking by hand by rotating through 180° of arc.
- May be used with screw-cap top or side-arm flasks.
- Two 3-finger clamps included to secure glassware up to 12mm in shaft diameter.
- Shaft bearing design permits operation in cold room or incubator.
- DC filtering promotes longer motor life.
- Base configuration prevents "walking" on bench top

#### *Specifications*
