

Socorex® *original*

your automatic choice

animal health > veterinary > vaccination > injection syringes

The Socorex® self-refilling syringes with spring-loaded plunger and three-way valve system are designed for serial precision injections. Simple conception, perfect balance and ergonomic design provide for ease of use, operator comfort and fatigue-free fieldwork.

An exceptional price / quality ratio makes the Socorex® syringes all the more your automatic choice.

Features and benefits:

- Superior, long-lasting quality
- Effortless, high throughput vaccination
- From small to large animals
- Suitable for most liquids and suspensions
- Operate under any climatic conditions
- Easy disassembling and maintenance
- Economical parts, all interchangeable

Accessories for self-refilling syringes

Conversion sets ① ②

Description	Packaging	Cat. No.
Set with aspiration valve	1/pk	1.187.1B
Set without aspiration valve	1/pk	1.187.1C
Rubber washers, Ø 20 mm	10/pk	1.187.745
Tube feeding set	1/pk	1.187.2B

Mounted PP reservoirs ③

Description	Packaging	Cat. No.
Bottle, 60 mL capacity	1/pk	1.187.060
Bottle, 125 mL capacity	1/pk	1.187.150
Bottle, 250 mL capacity	1/pk	1.187.250

Anti-blocking factor (ABF™) ④

Description	Packaging	Cat. No.
Lubricant spray, 70 mL	3/pk	1.170.705
	6/pk	1.170.906
	12/pk	1.170.912
Lubricant spray refill bottle, 500 mL	1/pk	1.170.755
	6/pk	1.170.956
	12/pk	1.170.962

Drenchers (animal mouth and nose canulas) ⑧

Size (Ø x L), straight	Packaging	Cat. No.
0.9 x 25 mm	3/pk	376.0925S
1.2 x 51 mm	3/pk	376.1251S
1.6 x 102 mm	2/pk	376.16102S
3.0 x 203 mm	2/pk	376.30203S

Injection needles (packaging 12/box) ⑨

Ø x L (mm)	Gauge x inches	Cat. No.
0.5 x 3	25G x 1/8	371.0503
0.5 x 4	25G x 1/6	371.0504
0.6 x 3	23G x 1/8	371.0603

0.8 x 25	21G x 1	371.0825
0.8 x 40	21G x 1 5/8	371.0840
0.8 x 80	21G x 3 1/8	371.0880
0.9 x 10	20G x 3/8	371.0910
0.9 x 13	20G x 1/2	371.0913
1.0 x 10	19G x 3/8	371.1010
1.0 x 13	19G x 1/2	371.1013
1.0 x 15	19G x 5/8	371.1015

Extension tubing/
injection handle ⑤ ⑥

Description	Size	Cat. No.
Rigid extension tubing	20 cm	1.187.20
Rigid extension tubing	30 cm	1.187.30
Injection handle set	13 cm	1.187.100

PVC protection sleeves ⑦

Description	Packaging	Cat. No.
Fit 0.3, 0.5 mL barrels	6/pk	1.170.4005
Fit 1 mL barrel	6/pk	1.170.401
Fit 2 mL barrel	6/pk	1.170.402
Fit 5 mL barrel	6/pk	1.170.405
Fit 10 mL barrel	6/pk	1.170.410
Fit 20 mL barrel	3/pk	1.170.420

Size (Ø x L), bent	Packaging	Cat. No.
0.9 x 25 mm	3/pk	376.0925B
1.2 x 51 mm	3/pk	376.1251B
1.6 x 102 mm	2/pk	376.16102B
3.0 x 203 mm	2/pk	376.30203B

Ø x L (mm)	Gauge x inches	Cat. No.
1.0 x 20	19G x 3/4	371.1020
1.0 x 25	19G x 1	371.1025
1.0 x 30	19G x 1 1/8	371.1030
1.2 x 10	18G x 3/8	371.1210
1.2 x 13	18G x 1/2	371.1213
1.2 x 15	18G x 5/8	371.1215
1.2 x 20	18G x 3/4	371.1220
1.2 x 50	18G x 2	371.1250
1.4 x 10	17G x 3/8	371.1410
1.4 x 20	17G x 3/4	371.1420
1.6 x 10	16G x 3/8	371.1610
1.6 x 100	16G x 4	371.16100
1.6 x 13	16G x 1/2	371.1613
1.6 x 20	16G x 3/4	371.1620
1.6 x 25	16G x 1	371.1625
1.6 x 30	16G x 1 1/8	371.1630
1.8 x 10	15G x 3/8	371.1810
1.8 x 20	15G x 3/4	371.1820
1.8 x 30	15G x 1 1/8	371.1830
2.0 x 30	14G x 1 1/8	371.2030
2.0 x 40	14G x 1 5/8	371.2040
2.0 x 50	14G x 2	371.2050

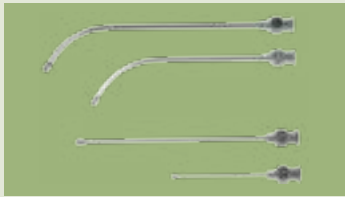

► **Rigid extension tubing ⑤**
PVDF tubing increases distance between animal and hand for added safety. Chrome plated Luer Lock connections on both sides. Fully autoclavable.

► **Injection handle ⑥**
Ideal to inject in confined areas not easily reached by syringe. Set includes handle, 1 m. silicone tubing, Luer Lock connectors to syringe and needle. Also fits 20 or 30 cm rigid extension tubing.

► **PVC Protection sleeves ⑦**
Installed in a second, the sleeve provide for efficient safety in reducing glass barrel breakage. Sleeve is not autoclavable.

► **Drenchers ⑧**
Straight or bent drenchers with rounded extremities, allow for safe animal nose and mouth feeding. Stainless steel material, autoclavable.

► **Injection needles ⑨**
Superior quality Luer Lock needles, regular bevel, stainless steel, autoclavable.
