

SureSeal™ Screw-Cap MicroTubes

- Sterile, RNase, DNase and Pyrogen free
- Leak-proof O-ring seal
- Vivid, printed graduations (2.0mL only)

New from the SureSeal family of sterile tubes: MTC Bio's new 2.0mL screw cap microcentrifuge tubes. Made from ultra-clear polypropylene, with crisp printed graduations, SureSeal 2mL screw-cap tubes offer the best visualization of sample on the market today! May be centrifuged at up to 22,000xg.

1.5mL economical tubes are also provided sterile and include O-rings, but are not graduated, and do not have a skirted bottom. These tubes are perfect for most general applications where a leak proof seal is a necessity.

1.5mL
10 x 38mm
excluding rim and cap

2.0mL
10 x 39mm
excluding rim and cap

Cat. No.	Description	Qty
C3220-SG	2.0mL, sterile, graduated, w/ O-ring, self-standing, caps assembled, 50 per resealable bag	1000
C3220-SGL	2.0mL, sterile, graduated, w/ O-ring, self-standing, loop caps assembled, 50 per resealable bag	1000
C2210	1.5mL, sterile, w/ O-ring, caps assembled, 500 per sterile bag	500
C2220	1.5mL, sterile, w/ O-ring, loop-caps assembled, 500 per sterile bag	500

Transport Vials

- Leak proof, 1 1/4 turn screw-cap
- Vivid, printed graduations
- Sterile, with caps attached

5mL
16 x 60mm

10mL
16 x 80mm

Transport tubes (aka "mailing tubes") are used in multiple sectors of the laboratory market, including medical, hospital, environmental, independent testing, food testing, and biological research labs.

These tubes are made of polypropylene and are supplied with the screw-caps attached, sterile, in bags of 100 tubes. MTC Transport Tubes are self-standing and have a white printed marking spot and graduations.

Packed 10 bags of 100 tubes, 1000 tubes per case

Cat. No.	Description	Qty
C1811	5mL, w/ attached screw-cap, 100 per sterile bag, 16 x 60mm	1000
C1812	10mL, w/ attached screw-cap, 100 per sterile bag, 16 x 80mm	1000
